## Technical Bulletin.

### Clock locking on PC

Date      Revision

08Oct09 1.0

### **Clock locking on PC**

#### **On Windows XP etc:**

Start

Settings

Here's where to control this on an XP box.

Control Panel

Administrative Tools

Local Security Policy

Security Settings

Local Policies

User Rights Assignment

Change the System Time

Add or remove users as desired.

If you are running a 2000 box on an 2000 or 2003 domain, you can use global policies to define this, but thee isn't anywhere to control this on a 9x or stand-alone 2000 box.

#### **For a commercial product that also maintains accurate time check:**
